

Temporary Change to Hospital Entrances

Construction has started on our Emergency Center expansion project. During this time, the regular Emergency Center entrance will be closed. Patients who need emergency care should enter at the Jackson Street entrance. All other patients and visitors must enter through either the main hospital entrance or the parking garage entrance off Seventh Avenue.

Thank you for your patience as we improve our Emergency Center. The team at St. Anthony's Hospital will continue to provide you and your family with high-quality, compassionate care.
